Workshop Overview

Managing digital marketing will often require new skills, staff or technologies to build digital confidence and capabilities. This workshop will help marketers build upon their existence knowledge and experience of digital marketing and provide a framework for reviewing and improving your current digital strategy. You will also take away practical advice and have developed a clearer strategic focus and a better strategic approach to achieving your organisation's online objective.

Benefits

You'll leave with greater confidence about reviewing the options for incorporating digital tools within your marketing strategy and campaign activities. Your business can then be sure that it's adopting and developing a structured approach to leverage digital communications technologies.

Who should attend ?

This course is applicable for those who have a working knowledge of digital marketing practices and have responsibilities for communications or manage a team who contribute to the communications strategy

Outcomes & Content

- ✓ Evaluate the impact of digital efforts
- ✓ Strategy & Planning
- ✓ Budgeting
- ✓ Establish direction & set objectives
- ✓ Evaluate and select all digital resources
- ✓ Develop and integrated approach
- ✓ Identify KPI's
- ✓ Measure, revise & optimise

ABOUT US

The Marketors are the training arm of the POLARIS group providing organisations with a global network of thought leaders, trainers and subject matter experts who spearhead excellence across the marketing profession.

Our vision is to revolutionise the way in which marketing and sales training is delivered, received and used, in order to create actionable insights, personal development and drive business growth.

We aim to raise capability and empower individuals and businesses to improve their performance, return on investments and economic growth.
